

Studio Manager

The appointment of Gordon Young to studio manager will I hope ease the burden of work which has in the past taken it's toll on David and myself. I am sure you will all wish Gordon well for his new position. Nice one Gordon. (1st March).

Arrivals

The sheriff of Nottingham or is it Roger has returned to take up position on thursdays. A series of problems has persuaded Roger to return to live at home again. I am sure you will all support Roger and wish him well. Roger has not returned as teamleader, but is only acting for the time being.

A former presenter who helped Radio Heatherwood during the run up to the medium wave service and into the new style radio in 1988 has also approached us to return. Bill Bishop has been welcomed back to the station and will undergo training with saturdays.

Home Furnishing Exhibition

The exhibition will be graced with the presence of the radio station and the League of friends. A space has been given over for us to do a display. This will be an un-manned display in association with the hospital management team.

Radio History File

The third up to date part of the radio history file has made it's appearance long last. This project has taken a long time to complete, but it will provide a superb source of reference for many years to come. I hope you will take time to read the articles contained in the folders. Please remember to hand over any pictures or written materials you come across about the station so that we can continue to maintain the radio history file.

Answer Machines

The messages which come in on the answer machines which are not requests must be recorded on paper and passed to the management individual concerned. These machines have not been provided specifically for requests; they are there to encourage greater contact with other businesses or organizations. Don't Forget:-

PASS IT ON

Copyright etc

I trust you have all received your copies of the copyright/prs/libel & Slander notes. These are due to appear in the new revised code of conduct which will be published in April.

A video loaned to us from the Prs is available for watching. Contact your teamleader for access to it. If you do loan the video do rewind it after use, and also take care with it.

Loan Radio

A couple of patients have made donations this past month for

new loan radio's to be purchased.

Hospital Management

The management structure at the hospital has now been linked with Wexham park. The two hospitals are now classed as one unit. The new representative for the management to liaise with the voluntary bodies is Jackie Lawton. We have extended an invitation for her to visit the studio which will take place shortly.
