

Challenge Anneka ( P.J.)

It is pure coincidence the last time I was involved in building studio two:the challenge program was on the telly. challenge P.J. has taken to the airwaves and studio one is under demolition sabotage or refit.

All will be revealed.

(ED:You've heard of silence of the lambs,now we have silence of PJ)

#### Code of Conduct

As most of you will be aware every six months the code of conduct is reviewed and updated.The new look code has been produced and is already in the studio.

Noticeable additions to the code are under general conduct and Teamleaders.The additions in these areas had already been included prior to the Coup.The notes on libel and copyright which was given out to everyone in February is also included.

David did mention at the special meeting that the last page of the conduct will require your signatures and any future presenters will also have to sign. The new look final page will be included as soon as details have been finalised.

Please take time out to read the new look conduct and any comments or ideas you have let me know.

Secretary: PJ.

#### Code of Conduct (Money Money Money)

Since the article was published in the Nahbo magazine we have been contacted by five stations and have sold £30 of code already.

All monies raised from the sale of the code goes directly to our funds.

(ED: Have you managed to sell it to the famous five yet)

#### Blue Watch

Radio Heatherwood received a visit from station commander Des Tidbury on Saturday 5th October.A special interview was conducted by PJ. which was transmitted on saturday 19th October at the end of fire prevention week. The interview concentrated on the splendid efforts of the Bracknell firemen who have raised over £9000 towards Rainbow Ward.

#### New Appointments

Keith Smith Community Relations.

Lee Henty Teamleader Mondays.

Roger Hawkes Teamleader Thursdays.

On behalf of everyone we wish you all well in your new roles and trust you will continue to provide a quality service which is dearly loved by all.Well Done Team.

#### Arrivals

A new trainee has joined the station : Stuart Doderer

We hope you will enjoy your role here and become a full presenter which encompasses many different functions which will not

only benefit you but provide hours of enjoyment for our goal in life:providing a service for the patients of Heatherwood.

Donation

A £10 donation was received from a grateful patient recently on ward 10. One problem for the community relations man the address for the thankyou letter is Egypt.

( ED: He will need to borrow the station bike for the next 2 years )

Grand Draw ( Feedback )

Best excuse for not buying the tickets:-

" I'm leaving for Canada in the morning "  
( Al & Roge )

Funniest Line

Lady to Alan Holder " How much are your drawers "  
Alan Holder to Lady " About £2 a pair from Marks & Spencer "

( ED: Or do you know different )

Grand Draw ( Prizes )

This years prizes cost us more than last year but it seems nobody wants them. The coral Reef prize has not been collected the CD player has not been claimed from the Crown & Anchor and the stereo cassette we are unable to contact the winner.

(ED: I've an idea we'll print some more pink tickets and have another draw ! )

210 or Bust

Young Roger showed the professionals how the oldies on hospital radio win the day when he recently won a competition on the Simon Marlow show.

Four Cd's and a mini camera later Roger parted with his musical Knowledge by answering Simon's question what is this piece of music. Roger's reply Guns & Roses ?

Nice to see Roge that the Musical training on Radio Heatherwood has paid off.

( ED: I think he needs some more ! How about training with the famous F... )
