The Smith members of the saturday team are giving the old "Ed" a hard time at the moment:they have put this rumour about that he can't do a show without playing a Paul Mc Cartney record.

Let me categorically say this is not the case, I often play Wings records or Beatles:Paul Mc Cartney very rarely makes an appearance on my Show.

(ED:At least I am not playing Pentangle records,Jethro Tull or Kim Wilde:but I know a man that does !!!!!).

Grand Draw (Press Release)

It's nice to know we can count on the papers to report on our events with some authority.(W/E 11/7)Ascot express reports that the grand draw made £10,000 last year.It was £1300 plus the grand draw has raised £10,000 since we started in 1985.

Nice one Ascot Express

(ED:And I suppose the other £8,500 was invested in the Maxwell pension fund)

Radio Heatherwood Security

I would remind everyone of the blue book rules on showing people around the station.Section (13).

The hospital has been given instructions not to direct people to the radio station but to ring first and for the radio staff to

meet them at the front entrance. Future New presenters are the people who are most likely to turn up un-invited.

If they do No Guided Tours Please!.

Feedback

Jean on ward 4 was very complementary about Radio Heatherwood (Not Roge !!). She thanked us all for doing what we do. being a nice sort of a lady I didn't tell her all that we do !!!: seriously she then asked my name, luckily and for a change I had my badge on, She went on to say that " Paul was really good "!!! "but there is no Paul !", was she listening to radio 4, no she did hear her music, it was Radio Heatherwood and she was well chuffed with what she heard .

Well done everyone.

Footnote: (From Al) - Who the hell is Paul " Lets sign him up ".

Footnote: (From Stu) - I think she was referring to me !.

Footnote: (From P.J.) - Does she like Paul Mc Cartney Records ? if so it was me !.

Al (Wednesdays)

(ED: You don't spell Paul with Stu !. I think the wednesdays have been at the raspberry ripple crisps again).

Please Mr Postman

New postal arrangements have been made with the hospital whereby all letters for the league of friends will be posted thru our letter box. These letters addressed to the league of friends are not to be opened by any members of staff, only letters marked Radio Heatherwood please!.

New Image

A new style banner has been purchased which will be used for our outside venues. The banner carries all the latest info on the radio service.

(ED: The manager has changed his image as well: he's changed the colour of his dress)

Feedback

Bert Bloomfield a patient last year and a sponsor of a loan radio has returned for another visit to ward three. Bert a spritely gentlemen praised the continuing work of the radio staff and was really pleased that his name is featured on the loan radio page of the new booklet.

On his departure he has donated another £10 for a loan radio.

(ED: I think he has only returned because he misses Roger's stonker)

Tuppenny Bus Ride

Well a bit more than tuppence was spent on the supporters trip Sunday 26/7, when a coachload of supporters went to the Cotswold's. A further £110 was raised for the station.

Nice one Dave

(ED: Did they all come back smelling of cheese ? No only Dave's trainers).

Loan Radio's

By now most of you will have discovered the "Box for Faulty Loan Radios". If you haven't (why not!!) it is on the bottom shelf of the LP library. Any time you find a faulty radio, please leave it in this box for me and don't forget to put the details in the back of the Loan Radio Log. If you are asked to return a radio to it's ward at any time, there is a chart on the front of this box giving all the correct locations.

Also, please make sure that one person on each night is checking empty lockers etc. for radios with dead batteries in them. Quite a few have developed leaks recently which have caused damage to the radio. If we can remove old batteries before they leak, it reduces my workload and saves you getting acid on your hands next time you try to change the battery.

A couple of patients have expressed an interest in sponsoring one. Keep plugging it and we will get enough to cover every bed yet!!

Oliver(Keith Smith)

Please sir I want some more has been at it again and the Victoria hall fund a regular supporter of the radio has donated £150.

Donations

A former patient in February has just sent a nice complimentary letter and a donation of £20.

Nice one team
