

RADIO Heatherwood

Presenters Newsletter Iss 22 January 1991

The Radio Heatherwood staff newsletters took many styles and methods of production during its publications.

The originals have been lost, but to show the flavour of the content we have recreated an issue (22)

a newsletter originally published in January 1991.

This was produced using Timeworks desktop publishing program and would have been printed on a coloured sheet of paper. All the layout mistakes and poor positioning of items are still shown, so as not to change the history of the development of the newsletter.

A copy would have been posted on the studio noticeboard.

The only changes made to these have been the removal of personal phone numbers.

This copy was taken from a scan of a draft newsletter

☆ Radio Heatherwood Newsletter January

☆ 1991 (Iss 22)

A happy new year to everyone, I trust you all had a good christmas and didn't eat or drink too much.

A warm welcome to this the first of a new style of Newsletter for 1991. The news sheet has come a long way since 1987 when the first one was produced on a portable typewriter. It took a lot of sore fingers and Tipp-Ex to produce those early versions.

☛ DONATIONS

In the run up to christmas two donations of £10 ea were received from grateful patients.

☛ ENGINEERING

Audio Routing Unit

The temporary aru unit has now been returned to the rack and both studio's are now in full operation for the time being. If any problem occurs with it: please let me know.

In the next few months we will commence work on the improvements to the studio layouts of equipment.

☛ HOME FURNISHING EXHIBITION

The first few months of this year will be geared towards the exhibition in April. All our efforts in the broadcasting side should be directed towards encouraging patients and their visitors to visit the exhibition. The long term benefit of our involvement could pay extra dividends for us.

☛ LOAN RADIO SERVICE

The league of friends at the last

committee meeting agreed to purchase the batteries for the loan radio's every other month to a maximum of £15 a month. The trolley shop will also be carrying the PP3's very shortly.

☛ I.D. BADGES.

The increase in attacks on patients and staff at hospital premises in the UK is prompting changes in security at hospitals.

When you are doing any visits to the wards: make sure you are wearing your badge. If you leave it at home use the trainee badges.

☛ DEPARTURES

The last monday before Christmas: Roger Hawkes broadcast his last program. Roger has now left the area and has moved to Nottingham. A special letter of thanks has been sent to Roger on

behalf of everyone thanking him for his help and support during his stay.

☛ COMPUTER

The library computer has been in use some time now, and this certainly makes life easier: How many computers are actually running the station.

1. Trevor Kensall for Public Relations/Grand Draw.

2. Gordon Young for training and Sunday programs.

3. Dave Smith for Charity Buzz/Magazine.

4. P.J. for secretarial/Engineering/Newsletter.

5. Library computer.

A major contribution to the work of the station, Where would we be now without our computer.

☛ FEEDBACK

The Christmas holiday didn't exactly go to plan for everyone, the dreaded bug claimed a few victims over the holiday period, it does have it's advantages you could have sampled the hospitality of the boxing day crew. Nice one lads the program was well received.

☛ Keep up the Good Work.
