

RADIO Heatherwood

Presenters Newsletter Iss 27 June 1991

The Radio Heatherwood staff newsletters took many styles and methods of production during it's publications.

The originals have been lost, but to show the flavour of the content we have recreated an issue (27)

a newsletter originally published in June 1991.

This was produced using Timeworks desktop publishing program and would have been printed on a coloured sheet of paper. All the layout mistakes and poor positioning of items are still shown, so as not to change the history of the development of the newsletter.

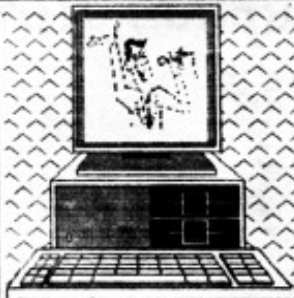

A copy would have been posted on the studio noticeboard.

The only changes made to these have been the removal of personal phone numbers.

This copy was taken from a scan of a draft newsletter

H RADIO Heatherwood

Newsletter June 1991 (Iss 27)

New Look

This is the first edition of the newsletter on a new colour paper. The yellow paper has finally run out we are now publishing on salmon pink !, "ooh seems a nice colour".

Departures

Thursday evenings will not be the same, as Melanie Waring has decided to leave the radio. Melanie joined in October 1989. Melanie didn't become a full presenter, she felt there wasn't a need as she was already presenting on cable radio.

We are sorry that she has decided to leave but we wish her well for the future.

Headsets

The lack of headsets on the wards has reached a point where portable radios now out-number the old headset system. We are very much aware of the difficulties being experienced on some wards. A new batch of loan radio's will be issued shortly. The hospital management have been advised of the neglect of the stethoscope system by their works department, but it has probably fallen on deaf ears.

Donations

The station continues to receive donations from patients and compliments about the service.

Ward 10

A letter of thanks has been sent on behalf of the radio station to the nursing staff on ward 10 for their continued support in promoting the loan radio service.

Car boot PA

The PRS people have granted us a special events licence to relay music to the public on the field. A special 4 hour music to music will be transmitted to the patients and the field. Watch the notice board for further details.

TURN UP TIME IS 10 O'CLOCK.

Charity Buzz

The charity buzz organised by our leader came to its conclusion during the bank holiday weekend; with £796 realized for the station. The second coach this year wasn't full but a good time was had by all. The next supporters club trip will be on the 26th June. A trip on the Great Western canal has been organised.

Nice one Dave.

Cleanliness

It has come to my attention that some one is marking the wall in the library area just above the table plus some other areas with a biro. The time spent on doing this studio up has cost a lot of people dearly. We do not need to spend any more time re-painting walls because an individual is mindlessly marking the wall. If you want to mark walls there is your own at home.

Don't do it !.

Advertising

The best advert for the services of the league and the radio is the blue booklet which is funded by the league. Don't forget to give them out when you are on the wards it's better for them to be in the patients hands than

stuck in a box in the studio.

Archives

Don't forget any pictures or articles you have about the station either printed at work or in your own homes remember the radio history file. Hand them to the old secretary for future issue's.

Birthday

A special broadcast to mark the radio's fifteenth birthday is being organised by Gordon Young check the notice board for details.

Feedback

Our blue booklet in the hands of patients provides more chance of future support. The possibility of tickets to a major event may be forthcoming. Watch this space for details ?.

Keep spinning the discs.
