This newsletter originally published as above date.

The only changes made to these emails have been the removal of personal phone numbers and email addresses.

Hi Guys

Here is some news for you.

### **Jingle 2002 Revision.**

After month's of hard work. I have now radically changed the Jingle content for both studio's Here are some of the changes.

Playlist for CD or MD are the same:- i.e. track 22 on cd 1 is the same as track 22 on Mini-Disc1

Station ID's:- These are all on disk 1 Blue Sheet & Cover.

Adverts Etc:- These are all on disk 2 Green Sheet & Cover.

New Versions of old Jingles as well as cleaning up of background noise etc.

i.e Under the blankets all the best love songs, or Your Listening to Mondays Playing the music you want to Hear.

New Jingles for loan radio's, presenters, requests, etc

On Station iD's info Sheet you will see tracks grey out all of these can be used to start your programs instead of just J1.

Sound Level settings. Please always make sure you set your faders to Minus 5 this will ensure a good sound level output and will avoid the high spots in jingles sending your listeners to the ceiling.

Whilst I had hoped to produce some jingles for individual nights with content submitted by the nights the response has been poor so I have put this on hold for the time being, bearing in mind within the next twelve months we may have to radically change our station id's.

### **New Recruits**

We have two potential new recruits to start hopefully.

### **Loan Radio's**

I have today added the last of the radio's which were on stock these include the plaques with Bruce & Sue on. I have added 9 radio's on the wards today but have received over 15 radio's which were faulty or damaged. I have had to take 11 of them home to work on. In the studio is a box of them to be returned to the wards. In your ward rounds always make sure the radio's are returned as soon as you can. These after all are your listeners.

### **Donation**

I have donated a reference book to the library of cinema hits. It gives good info on past silver screen successes. Maybe useful for your program content.

That's All for Now

Regards

Keep on Rockin !

PJ
