

Subject: Radio Heatherwood Presenters Newsletters
From: "Secretary" <Secretary@radioheatherwood >
Date: 04/01/2003, 15:03
To: Radio Staff

The Radio Heatherwood staff newsletters took many styles and methods of production during its publications.

We have recreated an issue distributed by email to radio staff and also posted on the staff noticeboard.

This newsletter originally published as above date.

The only changes made to these emails have been the removal of personal phone numbers and email addresses.

Background Story to Email:-

Hi Guys & Girls

Happy New Year to you all, I hope you all had a good Christmas and are fit & well.
My Christmas break was one of continued work on the Rhapsody Project

Rhapsody

When you visit the studio's this coming week you will see the alterations have been made to both studio consoles to accommodate the computers. This took 4 days over the Christmas break to complete. We are now in the position of just wiring the equipment in and the man with the soldering iron will be busy for the next few weeks.

On the computer hardware side, I won't bore you with the technical details but needless to say I have had to deal with a few headaches from suppliers and equipment. We are still on target to put the first machine into studio two by the end of January

On both consoles you will see two platforms for the mini keyboards (No they are not drinks stands).

Victoria Hall Fund

The victoria hall fund responded to my request for payment for our radon licence for 2003. a cheque arrived Christmas week, which was good news.

New Presenter

Today Barry on Saturday's completed his first show on his own. This swells the Saturday team to four full time presenters. The last time this was the case was back in the 1980's.

Old Passes

If you have your old passes make sure they are destroyed but if you now have a spare chain and holder can I have them back please.

Team Trays

Can we all try and empty our team trays. We seem to be overflowing with bits.

Heating

Just a reminder about those radiators, the controls should be at 3-4 when you leave after your nights broadcasting, Don't leave them full on !!!!!!!.

Web Site Material

Please Please Please review your input for the web site. I would like to try and update it when I can. Our web site is our windows to potential sponsors and helpers, lets make sure it's a good one, put pen to paper now!.

That's all for now
Happy 2003

Regards
Peter J Davidson-Smith
