The Radio Heatherwood staff newsletters took many styles and methods of production during its publications.

We have recreated an issue distributed by email to radio staff and also posted on the staff noticeboard.

This newsletter originally published as above date.

The only changes made to these emails have been the removal of personal phone numbers and email addresses.

Hi Guys
Some News etc

Rhapsody Database

The full wave database has now been added to the studio machines and is now available to play into your programs.

Wavecart/Wavestation

As the database program now has to scan over 7500 files it does take a good 5 minutes for the programs to see all the files make sure you load the program long before you need to use it. If you try and launch the program during the start-up search you will find it jittery and jumps.

Rhapsody

The computer has now been linked into the studio equipment in the engineering and a test today for the 10 o'clock news and the 1 o'clock news went without a hitch. Sounded very professional. Nice One John Murphy and Laraine Bridges.

Patient Power

I have asked the hospital for an update on the linking into the system and what's the progress. They have a meeting with hospicom on 27th March we will know after that date.

April 4/5/6/7

Test weekend I have managed to put together over 30 liners from those who made the effort. These will be transmitted during the test weekend.

In the absence of other material being ready for all the categories which were sent to you, a plain no frills playlist will be produced for the weekend.

Saturday Cover 29.03.03

We need two bodies for next Saturday, Laraine has already agreed to come in any other takers ?

Regards
Peter J Davidson-Smith
