To: Radio Staff

The Radio Heatherwood staff newsletters took many styles and methods of production during its publications.

We have recreated an issue distributed by email to radio staff and also posted on the staff noticeboard.

This newsletter originally published as above date.

The only changes made to these emails have been the removal of personal phone numbers and email addresses.

Background Story to Email:-

Hospicom & Radio Heatherwood Etc

Hi Guys

A couple of notes for you

Hospicom

The current situation with regard to hospicom/trust/Heatherwood and who does what, is not of our making. Despite some strong comments delivered to the hospital rep to the league. We have been given no say whatsoever in the way the system is introduced and who should contact who.

This situation is the making of the trust/hospicom and not the league of friends/Radio Heatherwood. The points raised by a note left by Stan last week is exactly what we knew would happen.

In the absence of any direction whatsoever from hospicom/trust, you must inform the patient that they should direct their concerns to Heatherwood & Wexham Park Trust and their representatives. The league of friends is not now and never will be responsible for the way hospicom works. They are a commercial company and not associated with us whatsoever.

Our only involvement with hospicom will be when they deem it pertinent to connect us. At this stage we have no idea when that will be.

Hospicom are suppose to put representatives on the wards from 8am to 8pm to answer and advise patients whether they have instigated this yet is doubtful.

Studio Use

Opps Manual

6:5 Out of Hours Use of Studio's.

All members who wish to use the studio outside of normal broadcast hours, for reasons other than immediate preparation for that members Day/Night broadcast, must ask for permission from the studio manager, this includes team leaders.

A reminder to all keyholders of the above rule. Please if you wish to use the studio, contact myself or Dave with notice of your intentions.

Regards

Peter J Davidson-Smith
