Hi Guys And Girls

I visited ward 5 this morning to check to see if we are back on and the good news is yes we are.

The service went off sometime between Saturday lunch time and Tuesday evening when it was discovered. We haven't completed our first year on the service until next month. So is this the shape of things to come.

I think we have learned a valuable lesson here.

What we must all do, is check a terminal if that's not working, check a second to be on the safe side. when we first start collecting requests. On a ward. If it's proves that we are not going out on the terminals we abandon all further request collecting and cancel the evening as now that the loan radio service has gone, there is only limited service available on the ward radio's. (You only need to try one ward, if it's off on one ward it's likely that the whole system is affected.

In addition if you are not sure what to do on the night, give me a ring at home and I will give you some checks to make.

Regards
Peter J Davidson-Smith
