The Radio Heatherwood staff newsletters took many styles and methods of production during its publications.

We have recreated an issue distributed by email to radio staff and also posted on the staff noticeboard.

This newsletter originally published as above date.

The only changes made to these emails have been the removal of personal phone numbers and email addresses.

Hi Guys

There has been a change to the menu options when selectiing the radio service.

When you select the button listen to radio, you then get the option of radio channels, but before this displays all the available channels the following text message is displayed on the screen:-

" You have chosen to listen to a selection of free radio channels offered for your listening pleasure. The selection of radio channels includes hospital radio and talking books channel. To listen to your selected channel you will need to use the headphones provided on your terminal"

After this has displayed there is a delay before the available channels option displays on the screen.

Please be aware
