The Radio Heatherwood staff newsletters took many styles and methods of production during its publications.

We have recreated an issue distributed by email to radio staff and also posted on the staff noticeboard.

This newsletter originally published as above date.

The only changes made to these emails have been the removal of personal phone numbers and email addresses.

Guys

Since the beginning of December we have had a number of items of electrical equipment fail for whatever reason

We have shelled out £500 in the process. I have some items on order and I need to make some changes in the engineering room.

For the meantime do not use studio two to broadcast to the hospital. It may be used for training but not put on air The quality of signal to the transmitter is very poor.
