

Saturday 6th June 1992

#### Presenters

Now that everyone knows who they will be working with; it is up to you; to get together. Practice as much as you can, and also have the program scripted, and all records to be played, with the no's on your program sheet ready for the day.

We do not want to see anyone fumbling around looking for record no's on the day.

The minimum amount of disruption in the studio is required on the day.
