

Wanted
Old Video Recorders

The studio output recorder needs replacing and we are looking for any old video recorder which might still have some life left in it.

An old video recorder which is tucked away in a cupboard some where, which might not be any good for recording a good picture but might be suitable for recording the audio output of the station

All video donations would be warmly welcomed.

If you or your family & friends have any old video why not put it to some good use !
